WORK EXPERIENCE

National Center For Mental Health   *Aug. 2022 – Mar. 2025*
Full Stack Developer   *Mandaluyong, City*
- Developed an Electronic Medical Record (EMR) System using Vue, Inertia, Laravel, Tailwind (VILT), and CodeIgniter, enhancing hospital workflow and patient data management through seamless interoperability and efficient data exchange across different systems.
- Designed and developed database schemas to improve data integrity, enforce normalization, and performance.
- Improved system performance by optimizing database queries, reducing load times, and implementing best practices for scalability and maintainability.
- Provided production support, troubleshooting bugs, staging issues, and user-reported concerns, ensuring system stability and seamless updates.

Avasia Information Systems, Inc. (Internship)   *Aug. 2021 – Sep. 2021*
Web Developer   *Pasig, City*
- Designed and developed a timekeeping web application featuring face recognition and QR code technology for efficient attendance tracking. Utilized JavaScript, PHP, Mustache.js, and the Face API.js library to ensure seamless integration and accurate identification.

TESDA Rizal Provincial Office (Special Program for Employment of Student)   *April 2018 – May 2018*
Data Entry   *Taytay, Rizal*
- Entered and updated data in Excel with accuracy, ensuring quality and reliability.
- Verified documents for completeness, missing signatures, and errors to ensure compliance with standards.

SKILLS

- **Programming & Frameworks:** Laravel, CodeIgniter, Vue, React, Nuxt.js, Next.js, Node, TypeScript, Pinia, Zustand, TanStack Query, JQuery, Tailwind CSS, Shadcn, Bootstrap, Primevue, Vuetify, JWT.
- **Tools & Technologies**: Git, GitLab, Docker, Postman, Github Action, API Dog, Jira, Notion.
- **Database Management & Tools:** PostgreSQL, MSSQL, Redis, Supabase, Drizzle.

EDUCATION

Polytechnic University of the Philippines   *2018-2022*
Bachelor of Science in Computer Science   *Sta. Mesa, Manila*
- Cum Laude (1.56)

PERSONAL PROJECTS

- **Water Station Management System** *(Laravel, Vue, Supabase PostgreSQL, TypeScript, Pinia, Tailwind, Primevue, ChartJS)*: A management system with features for authentication, admin management (users and roles), customer management, delivery scheduling, inventory and sales tracking, expenses tracking, and daily maintenance schedule.
- **ENT Clinic Management System** *(Nuxt.js, TypeScript, Drizzle, Supabase PostgreSQL & Auth, Pinia, Tailwind, Primevue, ChartJS)* An EMR system with the features of authentication, admin management (users and roles), managing patient records (clinical reports) , appointment scheduling, and inventory management.
- **Project #3 NextJS Project** (Next.js, Supabase, *Drizzle, Supabase PostgreSQL & Auth, Zustand, Shadcn*) Add here
- **Project #4 React Native Project #** (Next.js, Supabase, *Drizzle, Supabase PostgreSQL & Auth, Zustand, Shadcn*) Add here

TRAININGS

- **Advance Laravel** - LinkedIn Learning (May 22, 2024)
- **Intermediate Typescript** - Codecademy (July 2024)
- **Nuxt JS** - LinkedIn Learning (October 2024)
- **ReactJS** - LinkedIn Learning (October 2024)
